R&Q Marine Services Yachtsure, Yachtsure24 & Racecover

We offer physical damage, war and liability coverage (including P&I) for all types of vessels.

We have minimum entry value of £/€ 1,000,000 or \$1,250,000 and have immediate capacity to insure vessels up to \$/€115,000,000.

Policy coverage can be adapted to suit your needs whether you are sailing the Mediterranean, the Pacific or cruising the world.

Our worldwide network of specialist surveyors, adjusters and lawyers has been built up over many years. Both brokers and insurers utilise our expertise, we provide underwriting knowledge, capacity and facultative reinsurance support on a global basis.

We can offer a broad variety of policy wordings including our own plain language wording that clearly sets out both the owners and the insurer's responsibilities.

Yachtsure24

This product is for the larger yachts 24 metres and above and includes an enhanced accident and response service designed for owners, masters and professional managers.

This unique bespoke service is available 7 days a week, 24 hours a day and gives you direct access to a Master Mariner for accident response, advice and technical support services as well as non claims related issues that can occur on vessels of this size.

Owners also benefit from our risk management survey programme which independently evaluates the major risks, safety, crew training and emergency procedures onboard and seeks to establish the highest levels of competency and safety onboard.

Racecover

This is a unique facility for racing yachts and has no minimum value requirements.

We will insure both inshore & offshore racing yachts and aiming at the difficult to place higher risk racing yachts that are participating in specific campaigns, regattas, transatlantic or round the world events. Volvo 60 & 70's, TP 52's, IMOCA 60 & 50's, Maxi & Super Maxi's, one off racing machines as well as one class racing fleets.

We provide coverage for the physical damage, liability & war with extensions for loss of mast, spars & rigging, two handed or single handed sailing.

P&I (Protection and Indemnity)

Protection and Indemnity insurance, commonly known as P&I, is insurance in respect of third party liabilities and expenses arising out of the ownership or operation of the Yacht.

The P&I facility is underwritten by The Shipowners' Mutual Protection and Indemnity Association (Luxembourg). The standard policy limit is \$500 million.

Crew Personal Accident

We offer Personal Accident & Medical Expenses coverage for professional crew on a 24 hour basis which can be extended to include the owner, his family and guests.

Yacht Owners Liability to Employed Crew

Owners of British flag (Red Ensign) Yachts have a mandatory requirement to provide employers liability coverage for their professional crew.

We have developed a product that is suited to the owners needs. The policy provides coverage to comply with owner's obligations under The Merchant Shipping Act. We can also provide coverage for European flagged yachts on a similar basis.
